 “Delivering the Promise of a Brighter Future”

Summer Teacher Institute 2018

Welcome to the second Summer Teacher Institute, where we are offering professional development for teachers, presented by our own teachers and vendor partners! Topics were selected based on suggestions from teachers and from district initiatives selected to support student achievement. All sessions will be listed on FrontLine PD & Evaluation (formerly MLP) for registration. Grade level recommendations are included and those seats will be reserved for those teachers on a first come, first served basis. A minimum of 5 participants must be registered or the session will be canceled. Sessions are limited to 20 participants, with a waitlist to be created once that number is reached. If you sign up and need to cancel, please do so online, so that someone may take your spot. If you are a no-show, you will be removed from the next session for which you are registered and placed on the waiting list. Stipends will be paid, as per GTA contract, once attendance has been verified. Join your colleagues for a summer of learning! If you have any questions please contact the Office of Curriculum and Instruction.

	Monday, June 25	Tuesday, June 26	Wednesday, June 27	Thursday, June 28	Friday, June 29
